

[The Nest](#), nestled in the heart of The Wheeler School's Seekonk, Massachusetts campus, is a magical place for children ages 2 years and 9 months to 5 years old to begin their educational journey.

The registration process for the Nest will begin in November for the 2022-2023 school year. Registration will open on November 1, 2021. We are delighted to enroll a limited number of children to participate in our nature-based early childhood education program.

Enrollment into the Nest at Wheeler is determined through a lottery process.

If you are interested in having your child attend the Nest for the 22-23 school year, please read the information below and complete the [online registration process](#).

The following conditions must be met:

- To attend our Nursery Program, your child must be 2.9 years of age by August 31, 2022
- To attend our Pre Kindergarten Program, your child must be 4 years of age by August 31, 2022

Upon receipt of the completed registration, your child's name shall be placed in a lottery and a drawing will be held on Friday, January 14, 2022. Registrations are due by Monday, January 10, 2022, to be included in the lottery.

All families that are not initially selected to participate in the program will remain in the lottery pool. As spaces become available, additional names will be drawn. Once all spaces are filled, the remaining families will be placed on our waitlist.

All families that would like to register after January 14 will be placed on the waiting list following the families who are not initially selected in the lottery.

Wheeler Community Advanced Registration

All current Nest families who would like to enroll their current student or a sibling into the Nest for 22-23 can register and will directly be awarded a space in the program.

For additional program information, including rates, please visit our [program details webpage](#).
